NOTE.—In the table above, it is to be understood that the word "*near*" and the character ☌ (conjunction) are synonymous, and mean that the two bodies are *nearest* each other at the time expressed, and that they are then on a line running from the North Pole through both bodies, and have the same *right ascension*. GR. ELON. means greatest elongation, or greatest apparent angular distance from the SUN. The character ☍ indicates that the planet is opposite the Sun, or 180 degs., or half a circle east of it, and rises when the Sun sets, and sets when he rises. When a planet is a quarter of a circle, or 90 degs. from the Sun, east or west, it is known by □. These are the signs of the planets: ☉ the Sun; ☽ ● the Moon; ☿ Mercury; ♀ Venus; ⊕ the Earth; ♂ Mars; ♃ Jupiter; ♄ Saturn; ♅ Uranus; ♆ Neptune.

The "World's" Success.

[The circulation of *The World* is increasing daily, and has been for some months past, at a rate which is very gratifying.—*World.*] We are glad to know of this prosperity, and we testify, with even greater pleasure, that it is well deserved. For some months past there has been a marked improvement in the industry and ability displayed in the columns of this always able journal. We think the increase in its circulation dates from this increase in the intrinsic interest of its columns. We congratulate our neighbor upon these facts.—*New-York Sun, December* 8.

The World says that it has never boasted of its "influence and circulation," and we fear we understand the reason of its silence on that delicate point. However, it states that its "circulation is increasing daily" now, and we are not sorry to hear it, for there ought to be a Democratic organ in this city, and subsidized outsiders should not be allowed to claim the place which rightfully belongs to *The World.* We can not recall at this moment any compliments it has ever paid to us, but that shall not prevent us from expressing the hope that Democrats will not forget that it is the only consistent and able exponent of their principles which is published in this city; and this good word we say all the more cheerfully because we may perhaps not be tempted to say another of our old antagonist until the Presidential campaign is over.—*New-York Times, December* 8.

The success of *The World* newspaper in maintaining its extensive circulation and solid influence during the past ten years, while it has had to contend with all the prejudice which could be created against a party organ whose party was in the minority of the national and State governments, and in many departments of the municipal government where it is published, has excited the surprise of some superficial observer. But that fact, together with the fact which is known to those who are in a position to have access to the truth—namely, that its circulation is now, and has been for some months past, increasing by thousands—is easily ac-

counted for. The enterprise of *The World* in gathering news from all parts of the globe; its thorough trustworthiness in all regards; its especial merits as a newspaper for those who are interested in matters relating to the metropolis and its people and surroundings; and with all, and perhaps above all, the fearlessness and candor and scholarly ability and political sagacity and purity of purpose of its editor, who is also its proprietor, and therefore has entire control of its columns, Mr. Manton Marble, are among the causes of *The World's* success. Probably the great increase now being made in the list of readers is in part attributable to the interest felt in the doings of the Democratic Congress and the coming Presidential campaign. It is naturally supposed that *The World* will have superior facilities for getting news from Washington, and will have earlier news than any other paper of the doings and sayings of Democratic politicians during the Presidential race. But, aside from this, it merits its success.—*New-York Express.*

PARTIES AND PARTY ORGANS.—We are glad to hear from *The World* that its circulation is increasing and its business improving. *The World* is to be commended for its consistency, persistency, and its partisanship. It is a thorough party organ, and deserves well of its party. Now, since *The Tribune* begins to weaken on the side of Tammany and Democracy, for some reason which time and Governor Tilden will explain, *The World* should have more than a fair show of support from the reliable Democracy of the country. Allies, as a general rule, are only constant and reliable when it is profitable and advantageous. The true way is to stand by the journal that stands by your party. Party journals are as absolutely necessary in a free government as parties themselves. Divide the responsibilities by third parties, and so-called "independent" or veneered frauds, and the foundation of republican government is destroyed. Hold parties responsible, and not individuals, and the people will be more certain to have a better government.—*Com. Advertiser.*

For 1872, the vote returned by the regular (Warmoth) Board of Canvassers is given for Louisiana, and that returned by the Secretary of State of Arkansas for that State. The number of citizens in the several States, entitled to vote, according to the census of 1870, was 8,307,305. The actual vote in 1872 was 6,457,315, and therefore, allowing for the increase in population in two years, it is evident that over 2,000,000 citizens entitled to vote did not vote for President in November, 1872. The whole number of electoral votes is 366. Necessary to a choice, 184.

The returns for Governor in 1872 were as follows:

	Warmoth Board.	*Custom-House Board.*
John McEnery, Dem	68,169	54,029
W. Pitt Kellogg, Rep	60,233	72,890
Majority for McEnery	7,936	.....
Majority for Kellogg	.....	18,861

* The vote given here is that compiled and claimed by the Democratic-Conservative State Committee. The Returning Board, composed, with one exception, of Republicans, however, threw out returns enough to enable it to declare Dubuclet, Rep., elected. The returns for Representatives in Congress were so manipulated as to elect three Republicans, but their seats have been contested.

The World—Notices of the Press.

A GREAT JOURNAL.

Alexandria (La.) Democrat.

That able and truly great Democratic journal, the New-York *World*, published as a daily, semi-weekly, and weekly, has graced our exchange list with its daily edition the present year, and we have no scruples in asserting it as a great privilege that *The Democrat* should be blessed with such an exchange. We consider it the cheapest newspaper, merits considered, in existence.

ITS INFLUENCE IN BREAKING DOWN RADICALISM.

Richmond (Va.) Evening Journal.

The prospectus of the New-York *World* for 1876 is a stirring call upon the Democracy of the country to fall unitedly into line in solid ranks for the great Presidential struggle of next year, which will go far to decide the future destinies of the Republic. The importance of that contest can hardly be underestimated by any man of average intelligence and patriotism. And certain it is that the best efforts of the intelligent and patriotic men of the country will next year be necessary to rescue the country from the dangerous personal and partisan politics into which it has drifted under Grant's administration, and to give it a fresh start in the grooves of national prosperity, equitable legislation, and constitutional government. The power of the press, and especially of the metropolitan press of New-York, to influence political events in these latter days is admitted great, if not unlimited. And while there is no paper in the North which has stood more firmly by the party of opposition to the reckless license of the Administration and its backers, or which has more persistently, ably, and boldly advocated the policy of right and fair dealing with the South, there is hardly another paper in the land whose influence has been more powerful in bringing about the happy change which is already dawning clearly upon the country. Moreover, *The World* is one of our best newspapers, and holds a front place among those which are foremost for enterprise in collecting and judgment in sifting news. Its editorials are unsurpassed in this country for ability and literary finish, virtues which in no wise abate their pithy application to the live topics of the day.

THE PAPER FOR THE FARMERS.

Kansas Farmer.

Attention of the readers of *The Farmer* is called to the advertisement of the New-York *World*. This journal furnishes metropolitan news, a large and varied miscellany, and has without doubt the best edited Grange department to be found in any paper in the United States.

A FAVORITE WITH THE PEOPLE.

Alexandria (La.) Democrat.

This journal, the Democratic newspaper of the United States, has always been our beacon light, our favorite, and we are glad to know a favorite with our people. Our friends here are clubbing for it, and already some thirty names have been sent on as subscribers for the Weekly for 1876, and we are sure this list will be doubled by Christmas. We urge every decent Democrat here, white or black, to enroll his name in time to commence the first issue on New-Year's day.

ACCURACY AND ENTERPRISE.

Louistown (Pa.) Sentinel.

It is one of the very best newspapers printed in the language. The announcement will be found in another column, and to that we direct attention. The daily issue is well known for its remarkable accuracy, enterprise, liberal correspondence and polished editorials.

A REPUBLICAN OPINION.

Hartford Courant (Rep.)

The New-York *World* has for some reason been improving remarkably of late, and is, without doubt, the ablest Democratic journal in the country. Its editorial columns, notwithstanding the occasional bitterness of its partisanship, are always intellectually stimulating, which is a great deal to say for any Democratic organ in these days.

A CHARACTER DISTINCTLY ITS OWN.

Long Island Exchange.

The New-York *World* has a character distinctly its own. It shows how secular journalism may employ the best resources of learning, wit, humor, sarcasm and audacity in the discussion of public matters, and still maintain a polished culture of style and a dignified reserve of self-respecting individuality. Just now *The World* is the leading exponent of the principles and policy of the great party whose fortunes it has labored hard to improve. Its value as a newspaper is enhanced by its position as an organ of opinion.

ITS LITERARY CHARACTER.

New-York Correspondence Elmira (N. Y.) Gazette.

Among the changes of journalism to which I have occasionally referred, it is to be noted that *The World* remains with unimpaired force. Its staff includes the best writers in the ranks of the press, and however one may differ with their opinions, the grace of style and the fresh issue of news continue to be a marked feature. Manton Marble is the most rapid and remarkable success in New-York journalism.

THE LEADING DEMOCRATIC PAPER.

Maryland Journal.

This is the leading Democratic paper in the United States. It has done, and is now doing, yeoman service in the cause of pure Democracy. It took an early, bold and decided stand in the election of M. C. Kerr as Speaker of the House of Representatives, not that Mr. Kerr was a Democrat, as a politician, but because it looked upon him as a model statesman, one who appreciated the importance of the present hour, and who would look less to the distribution of loaves and fishes than to the inauguration of such legislation as would redound to the best interests of the whole country. That *The World* and the Democratic press in general have been mistaken in their estimate of Mr. Kerr, no one can say. Let *The World* "cry aloud and spare not" in its good advice to the Democratic members of both houses of Congress. No vehicle is so potent to represent the will of the people as a free, bold, untrammelled, unawed press; and if there ever was a time for it to breathe words of wisdom and good counsel, that time is now. The Democracy have taken one good step in the right direction, and it must not, and we do not believe that it will, retrograde. As a newspaper *The World* is the compeer of any published in the United States. Its corps of editors and correspondents are among the most intelligent in the country, and its appointments for gathering the news of the world not surpassed by any other journal. It is extensively read in Maryland.

SOUND POLITICAL DOCTRINES.

Dubuque (Iowa) Herald.

It is the province of a newspaper as of an individual not only to condemn what is wrong, but to commend what is right and creditable. Upon this principle, then, we can heartily commend that excellent Democratic newspaper, the New-York *World*. It is one of the most valuable newspapers in the country, and its editorials are models of grace, beauty, and strength, which can be admired as much for their literary excellence as for the sound political doctrines they enunciate. Mr. Marble has certainly made *The World* a great success, and the steady Democratic progress made in New-York State during the past ten years is largely due to the ability and dignity of his paper. The Weekly *World* especially has a large circulation in Iowa, a fact not to be wondered at when the free-trade, hard-money, and home-rule ability of the paper is considered. We can cheerfully commend it to all wishing a New-York paper.

THE MOST SCHOLARLY.

Ligonier (Ind.) Banner.

The New-York *World* is the powerful champion of a sound monetary system, and the most scholarly daily journal in Uncle Sam's entire domain.

OUTSPOKEN.

Hastings (Mich.) Republican.

The World is par excellence the organ of the Democracy of New-York, and the representative paper of the hard-money Democrats of the nation. It is outspoken and not mealy-mouthed on the political questions of the day, and to any one who desires to know just what Democracy is in the Empire State, we commend *The World*.

Democrats in *Italics*. Independents in SMALL CAPS. Republicans in Roman. The whole number of Representatives is 292, of whom 179 are Democrats, 5 Independents, and 108 Republicans. The number of Territorial Delegates is 9, of whom 4 are Democrats, 4 Republicans, and 1 is unclassified (Cannon, of Utah). * Members of the last House of Representatives. † Seat contested.

Rates of Postage.

All domestic mail matter must be *prepaid* by postage-stamps. There is no franking privilege, and no "free" mail matter except newspapers (one copy each) sent to subscribers within the county where published, and not delivered through letter-carrier offices. All letters received in the office with stamps cut from stamped envelopes, or with such postage-stamps as were in use prior to 1861, or with revenue stamps on them, are treated as "unmailable," and sent to the Dead-Letter Office. Departmental postage is prepaid by special stamps, prepared and furnished by the Post-Office Department. *Letters deposited in city lamp-post boxes must have the requisite number of stamps before placing them therein. Depositing money in the boxes does not insure their being prepaid.* Newspapers are not taken at city lamp-post boxes. A letter on which *one full rate* of postage is prepaid, but on which further postage is chargeable, will be forwarded, when deposited in a post-office, and the deficient postage at single rates collected on delivery. If the postage is left *wholly* unpaid, or is prepaid *less* than one full rate, it will be "held for postage" and sent to the Dead-Letter Office. Should it reach its destination by inadvertence, however, it will be charged with *double postage* on delivery, with allowance of any amount less than one full rate which has been prepaid thereon. "One full rate" means, in the case of mail letters, *three cents*. All matter *other* than letters, must be *fully* prepaid, or it will not be forwarded except possibly by inadvertence, in which case *double postage* will be collected on its delivery. Letters addressed to initials or fictitious names are not deliverable unless the address contains a designated place of delivery, thus: A letter addressed A. B., station G., New York, is not deliverable; but a letter addressed A. B., stating street and number, or a box-number, is deliverable. The following are the rates payable on the different classes of domestic mail matter:

FIRST CLASS.

On letters, sealed packages, mail matter wholly or partly in writing (except *book* manuscripts and corrected proof-sheets passing between authors and publishers, and except local or "drop" letters); on all printed matter so marked as to convey any other or further information than is conveyed by the original print (except the correction of typographical errors); on all matter not otherwise chargeable with letter postage, but which is so wrapped or secured that it can not be conveniently examined by postmasters without destroying the wrapper or envelope; on all newspapers, magazines, and periodicals sent from publishers to subscribers and inclosing *any article whatever* except *bona-fide* supplements or bills and receipts for subscriptions; and on all packages of matter not in itself chargeable with letter postage, but in which is inclosed or concealed any letter or other thing chargeable with letter postage, 3 cents *for each* half-ounce or fraction thereof, weight of packages limited to *four pounds*. On local or "drop" letters, at offices where free delivery by carriers is established, 2 cents for each half-ounce or fraction thereof, weight of packages limited to *four pounds*. On local or "drop" letters, at offices where free delivery by carriers is *not* established, 1 cent per half-ounce or fraction thereof, weight of packages limited to *four pounds*.

SECOND CLASS.

On newspapers sent to regular subscribers from a known office of publication, or by news-

dealers to other newsdealers, 2 cents per pound. On *magazines and periodicals* sent to regular subscribers from a known office of publication, or by newsdealers to other newsdealers, 3 cents per pound. These rates are payable by the publisher or newsdealer *at the office of mailing*, and at the time the matter is deposited in the post-office. Postage on printed matter to Canada and other British North-American Provinces can be prepaid only to the boundary-line—the rates being the same as on domestic matter of the same kind. "Exchanges" are rated the same as subscribers' papers, and have the privilege of free circulation in the county of publication, the same as county papers.

THIRD CLASS.

[NOTE.—Packages of mailable matter of this class must be prepaid by stamps, and must not exceed the weight prescribed by law (which is *four pounds*). Packages exceeding the prescribed weight are unmailable.]

All matter of the third class must be fully prepaid. On pamphlets, occasional publications, transient newspapers, magazines, and periodicals; hand-bills, posters, sheet-music, unsealed circulars, prospectuses, *book* manuscripts and proof sheets; printed cards, maps, lithographs, prints, chromo-lithographs and engravings; seeds, cuttings, bulbs, roots, and scions, 1 cent for each ounce or fraction thereof—weight of package limited to *four pounds*. On flexible patterns; samples of ores, metals, minerals, and merchandise; sample cards, phonographic paper, letter envelopes, postal envelopes and wrappers, unprinted cards, plain and ornamental paper, photographs, and all other articles for which other rates of postage are not prescribed in this table, and which are not by law excluded from the mails, 1 cent for each ounce or fraction thereof—weight of packages limited to *four pounds*. On books, 1 cent for each ounce or fraction thereof—weight of packages limited to *four pounds*. On unsealed circulars, newspapers (whether transient or addressed to regular subscribers—excepting *weekly* papers, which may be delivered to subscribers on prepayment of regular rates, viz.: 2 cents per pound), and on periodicals not exceeding two ounces in weight, when any of the same are deposited in a letter carrier office for delivery by the office or its carriers, 1 cent each. On periodicals exceeding two ounces in weight, when deposited in a letter carrier office for delivery by the office or its carriers, 2 cents each. Postmasters are required and directed to pass free through the mails the *Congressional Record*, or any part thereof, or speeches or reports therein contained; also such speeches and reports when printed otherwise than in the *Congressional Record*, upon which the word "*free*" is written or printed over the name of a member or delegate of Congress, written by himself. They shall also pass free through the mails Agricultural Reports emanating from the Department of Agriculture, packages of seeds transmitted by the Commissioner of Agriculture, and packages of seeds received for distribution from the Department of Agriculture, when such reports and packages of seeds are transmitted by the Commissioner of Agriculture, a member or delegate of Congress, or an ex-member or ex-delegate of Congress, within nine months from the expiration of their terms as members and delegates, provided there is written or printed on such reports or packages of seeds the word "free" over the name of the Commissioner of Agriculture, written by himself, or over the name of a member or delegate of Congress, written by himself, or over the name of an ex-member of Congress, or ex-delegate, written by himself, within nine months from the expiration of the term of such ex-member or ex-delegate.

[NOTE.—A bill was pending before Congress when this Almanac went to press, to repeal the above sections relating to postage on newspapers rated under second and third class.]

POSTAL CARDS

may be procured at any post-office, at a cost of 1 cent each. The message, etc., must be always written on the *back* of the card. If any thing but the address is written on the *face*, letter postage must be paid by stamps, or the card will not be forwarded. Nothing whatever must be *attached* to the card. Postal cards will be *forwarded* from one office to another, in case of removal of the person addressed, but will in no case be returned to writer, nor sent to Dead-Letter Office, nor advertised.

DOMESTIC MONEY ORDERS

are issued at any money-order post-office in the United States, payable at any other money-order post-office, in sums of not more than fifty dollars. Larger amounts can be sent to the same person by additional orders. RATES: On orders not exceeding $15, 10 cents; over $15 and not exceeding $30, 15 cents; over $30 and not exceeding $40, 20 cents; over $40 and not exceeding $50, 25 cents.

FOREIGN MONEY ORDERS.

At the principal money-order post-offices in the United States (including all the larger post-offices), money orders, payable at money-order post-offices in Great Britain, Ireland, and Switzerland, may be procured at the following rates: On orders not exceeding $10, 25 cents; over $10 and not exceeding $20, 50 cents; over $20 and not exceeding $30, 75 cents; over $30 and not exceeding $40, $1; over $40 and not exceeding $50, $1.25. Orders can also be obtained on Germany at the following rates: On orders not exceeding $5, 15 cents; over $5 and not exceeding $10, 25 cents; over $10 and not exceeding $20, 50 cents; over $20 and not exceeding $30, 75 cents; over $30 and not exceeding $40, $1; over $40 and not exceeding $50, $1.25.

UNCLAIMED LETTERS.

All letters remaining uncalled for thirty days in a post-office after being advertised, are sent to the Dead-Letter Office, except letters bearing a request to return to the writer if not called for within a specified time, and letters bearing the name and address of the writer on the outside. Such letters are returned direct to the writers without advertising. The use of "request" envelopes is recommended to the public.

FORWARDING LETTERS FREE.

Prepaid and free letters are forwarded from one post-office to another, at the request of the persons addressed, without additional postage. But a letter which has been once delivered to

an authorized person can not be remailed to a new address without the prepayment of additional postage. Drop-letters, when forwarded by mail to another post-office, must be prepaid at 3 cents per half-ounce. No mail matter, except letters or postal cards, can be forwarded to a new address except on prepayment of postage by stamps at regular rates.

REGISTERED LETTERS.

Letters can be registered to any part of the United States and Territories and to foreign countries on payment of a registration fee of 10 cents. All registration fees must be paid by stamps, and the postage on all registered letters must also be prepaid in full by stamps. The public are desired by the Post-office never to send money or valuable articles in unregistered letters. Postmasters at *all* post-offices are obliged to register letters and packages when requested to do so.

FOREIGN POSTAGE.

For letters not over half an ounce to Austria, 5 cents; Belgium, 5 cents; Canada, 3 cents; France, 9 cents; Germany, 5 cents; Great Britain, 5 cents; Italy, 5 cents; Netherlands, 5 cents; Russia, 5 cents; Spain, 12 cents; Sweden, 5 cents; Switzerland, 5 cents.

[POSTAL CARDS may be sent to Canada, Newfoundland, Germany, and Switzerland. A one-cent adhesive postage-stamp must be affixed to each postal card so sent, in addition to the one-cent stamp already printed thereon.]

SUGGESTIONS TO THE PUBLIC.

All mail matter should be plainly and fully directed. In addition to the town or city and State, the name of the *county* should be added, if known; though the latter is not necessary in the case of matter for New-York, Chicago, or other large cities.

All mail matter for large cities should be directed to the street and number of the person or firm addressed, or to box number. Letters for large cities addressed to transient residents, and intended "to be called for," should be so marked.

Postage-stamps should be affixed to the upper right-hand corners of letters, and the use of envelopes of dark colors or fanciful forms should be avoided. Sealing-wax should not be used on mail matter in hot weather, nor at any time on letters directed to tropical countries.

Letters are sometimes "held for postage" in consequence of the failure of the stamps to adhere after the letters have been mailed. This difficulty can be avoided by taking care to wet moderately *both* sides of the stamps.

Glass, liquids, poisons, and explosive materials are excluded from the mails by law, and, if deposited in a post-office, will not be forwarded.

Make all reports of missing letters, etc., in writing, giving all particulars as to date, office where mailed, and direction in full. If possible, inclose a *fac-simile* of the envelope used, addressed in the same handwriting. Cases of serious or repeated loss or delay should be reported to the "Second Assistant Postmaster-General, Washington, D. C.;" ordinary cases, to the local postmaster.

See that every letter, newspaper or other packet sent by mail is securely folded and fastened. Avoid using, as much as possible, cheap envelopes made of thin paper, especially where more than one sheet of paper, or any other article than paper is inclosed. Being often handled, and even in the mail-bags subject to pressure, such envelopes not unfrequently split open, often giving cause of complaint against officials who are entirely innocent in the matter.

The World—Notices of the Press.

A PAPER FOR EVERYBODY.

Mexico (N. Y.) Independent.

The New-York *World* is the ablest, cheapest, and best Democratic journal in this country. It is a paper for the farmer, mechanic, or professional man. Its news is reliable, its editorials are able, spicy, and sensible. It is a fearless advocate of what it believes to be the truth, a paper that finds many readers, and that will live by virtue of its own vigor.

THE MOST RELIABLE.

Madison (Wis.) Democrat.

The New-York *World* supplies a place which no State paper can fill. It is published at the national metropolis, and possesses every facility for obtaining early and accurate news. It is not only one of the most reliable newspapers in the country, but it is also one of the most able and consistent advocates of genuine reform in governmental affairs. Politically *The World* is devoted to the upbuilding of the "New Democracy," which embraces all who are opposed to the corruption and misrule of the party in power at Washington. *The Weekly World* is undoubtedly the cheapest and best family newspaper in the United States. We hope its list in Wisconsin will be swelled by thousands.

BATTLES FOR THE RIGHT.

Murfreesboro (Tenn.) Monitor.

At the head of the Democratic press of the country is the New-York *World*. Earnestly and ably it battles for the right. Its editorials are scholarly, and have the true Democratic ring. As a general newspaper, it ranks second to none of the metropolitan journals. No one who takes any interest in any thing can well afford to be without it.

ABLY CONDUCTED.

Centre Hall (Pa.) Reporter.

The World is one of the leading journals, and among the most ably conducted in this country. It contains valuable correspondence from all quarters of the globe, gives all the news of the day, and is the leading Democratic journal in the United States.

THE ABLEST DEMOCRATIC PAPER.

Watertown Dispatch, December 6.

The New-York *World* of Saturday published its prospectus for 1876. *The World* is by all odds the ablest Democratic newspaper in the United States, and should be heartily supported by the great party whose organ and

THE NEW-YORK LEDGER

FOR THE NEW YEAR, 1876.

POSTAGE FREE.

The Best Paper that Experience and Capital can make.

WE are profoundly grateful for the generous and increasing support of the American public, which we are made to feel at the close of every year, when the renewed and new subscriptions to the *Ledger* flow in, like the influx of a mighty tide. This liberal support we make unremitting efforts to deserve. We select the best writers in the world without regard to cost, for once convinced that one author will be more acceptable to our readers than another, the price is never permitted to be an obstacle in our way.

We have now had many years' experience, and we shall leave no exertion unmade to render the *Ledger* for the year **1876** superior to any preceding volume.

Our most popular old writers, whose excellence is established, will write, as heretofore, most of them exclusively, for the *Ledger*.

We are always on the alert for any new feature that we think will render the *Ledger* more attractive.

The *Ledger* is always a *live* paper, keeping pace with the genius and spirit of American progress.

It contains the purest, sweetest, and most delightful stories, striking narratives, and instructive biographical and historical sketches.

It has the most popular and carefully prepared collection of scientific facts.

We shall continue to reply to questions on all interesting subjects as heretofore. Not only are these questions genuine, coming directly from the people, but we receive thousands more than we have space to answer.

We receive constant assurances, in almost countless letters, of the happiness which the *Ledger* carries into the families where it goes. All who wish to secure to themselves that enjoyment will send in their subscriptions without delay.

Our subscribers will have no postage to pay. We prepay the postage on every paper that we mail. Notwithstanding this, there will be no increase in the price of the *Ledger*. As will be seen by the following, our rates remain unchanged:

OUR TERMS FOR 1876.—POSTAGE FREE.

Single copies, $3 per annum; four copies, $10, which is $2.50 a copy; eight copies, $20, *postage free*. The party who sends us $20 for a club of eight copies (all sent at one time) will be entitled to a copy *free*. Postmasters and others who get up clubs in their respective towns, can afterward add single copies at $2.50. No subscriptions taken for a less period than one year. When a draft or money-order can conveniently be sent, it will be preferred, as it will prevent the possibility of the loss of money by mail. Remember that the postage on the *Ledger*, to all parts of the country, will be paid by us, so that our subscribers will have no postage to pay.

We employ no traveling agents. Address all communications to

CONTINENTAL

INSURANCE COMPANY.

ORGANIZED 1853; REORGANIZED 1874,

UNDER THE

NEW-YORK SAFETY FUND LAW.

CASH CAPITAL, ...	$1,000,000
ASSETS, JULY 1, 1875, ...	$2,706,286

The Safety Fund Law provides: for the creation of funds from Net Profits, by which larger sums are secured for the payment of losses in great conflagrations; for the payment of such larger sums on demand, and without the intervention of Receivers, and for the complete protection of holders of policies on property outside of the burned district.

The dividends of the Company are limited by the Safety Fund Law to 7 per cent per annum, upon the amount of its capital, and of those funds formed of its profits.

The income from investments largely exceeds this amount of dividend. The balance of interest, and all the profit of its business, go to the increase of the Safety Fund.

"*We mean to make these Safety Funds as large as the entire profits of the business and the remoteness of the next great fire will permit.*"

1776. The New-York World. 1876.

Fellow-Democrats! the result of the political battle to be joined during the coming twelve-month will determine the character and bent of our Democratic institutions for many a future year. will restore prosperity to the people or involve our shattered industries in a still more disastrous overthrow.

"Grantism" in the Federal Government—"Hard Times" from the Atlantic to the Pacific Coasts—these are the achievements of the party, this is the plain outcome of the principles of the party which has now fallen from the hands of its founders into the control of its corruptionists and the lead of a President who regards his acceptance of the chief magistracy as a "personal sacrifice" to be rewarded by an unprecedented lease of power.

Democratic institutions can not survive the domination of such as these, the avowed partisans of Centralization in Government, of Monopoly in Trade, and of Chicanery in Finance.

They were routed along the whole line in 1871 by the masses of the great North and West marching under the old Democratic flag of

HARD MONEY, FREE TRADE, AND HOME RULE!

That flag—the flag of Madison, and of Jefferson, and of Jackson—raised anew in this banner State of New-York as the sign of victory in 1871, still floats in the front of the Democratic hosts. Elsewhere, under influences to be forever regretted, but not, we trust, to be renewed, it wavered in unsteady hands at points in the line of 1875, where it should have been more high advanced than ever.

What was the result?

Confusion and disaster wherever that untarnished standard was missed from the field.

In New-York alone, VICTORY, and a foothold triumphantly kept against overwhelming odds, for the final assault soon to be made upon a party swollen with the corruptions of its own long misgovernment, and relying upon the sordid fealty of an army of 80,000 office-holders.

Who can misunderstand the lessons of 1875?

Who can be indifferent to the Supreme Duty of 1876?

Fellow-Democrats of the Union! let us discard minor differences but not Democratic principles; let us abjure sectional jealousies, and all our contentions except against the common foe; let us strengthen each other's hands for the one momentous conflict.

The indispensable condition of Democratic Success is the Unity and Harmony of all Democrats.

The best weapon in the warfare for Democratic principles is the Democratic Press.

Away, then, with Democratic dissensions. Increase, then, the circulation of the Democratic Press.

For thirteen years *The World* has labored steadfastly—

For Home Rule; against Bureaucratic Imperialism;

For Hard Money; against a public debt made legal tender for private debts, the broken promises of Peter to pay forced into the pockets of Paul in exchange for the sweat of his brow and the work of his hands;

For Free Trade; against Tariff Monopoly, which robs the citizen under the pretense of developing the State, and which diverts into the coffers of a privileged class an enormous annual percentage of the hard-earned rewards of the industry of the people.

A victory is now within the grasp of the Democracy, which will secure to our country these priceless blessings:

1. The Capitol ruled by the people, not the people by the Capitol;

2. An honest dollar for every dollar's worth of labor that we give;

3. An honest dollar's worth of goods for every dollar that we spend.

I ask you to re-enforce *The World*, that it may [illegible] in winning this victory.

We ask you to aid us to enlarge, every day, every week, every month of this Centennial Year, the circle of our readers North and South, East and West.

By the fullest, most varied daily pictures of the Life of the metropolis, of the whole Union, and of the globe; by the freshest and clearest daily setting forth of the results of the commercial, scientific, literary, and artistic activity of both Continents; by daily and accurate reports of all the markets and all the industries of mankind

We shall daily preach the gospel of

DEMOCRATIC TRUTH.

For fact and fiction, prose and poetry, the wisdom and the folly of all men and of all nations, all, when rightly understood, are but ministers of the great, immortal, unchangeable principles of the Democratic Creed—the creed of Common Sense, of Ascertained Law, of Enlightened Freedom.

It will be *our* duty thus to make every reader of *The World* familiar with all that is thinking, planning, doing, from day to day, not in politics only, nor in finance, but in literature, in commerce, in science, in the arts, in the religious and social life of this busy Nineteenth Century. Is it not *your* duty, Democrats of the Union, to strengthen our hands in doing this, and the hands of all our fellow workers in the Democratic press, assured, as you must be, that we daily sow the seed which will bring forth a hundredfold in such a Democratic Victory as alone can round the First Century of American History with a solid reaffirmation and a solid re-establishment of the
